linktr.ee/nisoojadhav

I'm pursuing an MCA from DYPIMR, Pimpri, Pune. I have been fascinated with Computers since childhood and have developed a profound interest in full-stack web development. I'm adept at creating SEO-friendly, responsive, and scalable websites that perform exceptionally well. My technology stack includes MERN, and I possess a solid understanding of OOP Languages(C++, Java), Linux, Bash, and Git, along with skills in Figma prototyping and logo designing. I'm passionate about learning new skills & leveraging my skill set to help grow my organization.
